**FOR THE FUTURE** - The reason the Boyds are being honored this year by the Conservation District is not really anything new to them - both children of farmers, Carla and Calvin have known about windbreaks, terraces and contour farming since they were young. But the reason they continue is because they want the best for son, Christopher.

## 1991 BANKERS AWARD WINNERS SOIL CONSERVATION

**CONSERVATION WINNERS** - Carla and Calvin Boyd are joined by son Christopher and the family dog, Shasta, in the refurbished windbreak on the family farm southwest of Isabel. The Boyds are being honored by the Barber County Soil Conservation District in January for practicing good conservation methods.
